Camilo Estrada Botero

Full-Stack Developer

Envigado (Medellín), Colombia · camilo@autosapience.com · +57 312 727 0035 · linkedin.com/in/camiloestradadeveloper · github.com/cestrad5 · portfolio.autosapience.com

SUMMARY

Full-stack developer (Holberton School) with real products in production: a private B2B wholesale e-commerce portal, an internal MERN sales and inventory system, and a Next.js API that compiles LaTeX to ATS-friendly PDF. Business-minded: 15+ years in operations and management before writing code full time, so I build tools people keep using. Open to remote roles worldwide, contract work, and hybrid roles in the Medellín area.

SKILLS

Languages: TypeScript, JavaScript (ES6+), Python, PHP, HTML5, CSS3, C
Frontend: React, Next.js (App Router), Tailwind CSS, Zod, Zustand, React Query, React Router
Backend & data: Node.js, Express, REST APIs, MongoDB, MySQL, Firebase, Google Apps Script
Tools: Git/GitHub, Linux (Bash), WordPress/WooCommerce, AppSheet, n8n

EXPERIENCE

B2B Software Engineer & Integrator (Independent), Self-employed — Jun 2025 – Present
Medellín, Colombia

- Built a freight, shipping and routing quoting tool in TypeScript/React that cut quote time for sales reps from several minutes to under 5 seconds.
- Built a Next.js (App Router) API that compiles LaTeX to ATS-friendly PDF with injected metadata and streamed download.
- Built a multi-user livestock management app on AppSheet with a relational data model, row-level security (USEREMAIL()) and role-based access control, giving 100% data segregation between users.
- Wrote Google Apps Script automations that reduced manual data entry by 70%.

Technical Founder, Web & Product Engineer, Bonetto Con Amor (wholesale) — Nov 2023 – Present
Envigado, Colombia

- Led and built an internal MERN-stack system: real-time inventory control, mobile sales tool, admin dashboard and a production endpoint showing pending orders.
- Acted as Product Owner and frontend developer on the sales and inventory system: requirements, user stories and mobile-first interface.
- Built a private B2B wholesale portal (WordPress/WooCommerce) with user-approval workflow, role-based wholesale pricing and a 24/7 catalog and checkout.
- Wrote a custom SEO metadata manager in TypeScript to automate search optimization.

Founder & Developer (side project), Take It For Free — May 2024 – Present
Envigado, Colombia

- Designed and launched a multi-vendor marketplace connecting surplus-material generators with reuse-minded buyers (WooCommerce, Dokan, Astra, Spectra, Mailchimp; 20+ plugins), with user registration and an admin dashboard.

CEO & Founder, Bonetto Con Amor (wholesale) — Mar 2018 – Present
Envigado, Colombia

- Led the company digital transformation; revenue grew 35% over the period through new technology adoption and operational standards.

Innovation Projects Director / PMO Lead, Línea Adhesiva S.A. — Nov 2013 – Jan 2017
Sabaneta, Colombia

- Formulated and evaluated 65+ projects for internal and external clients; supported the commercial team in planning and executing them.

Earlier roles: COINSI S.A., Production Director (Aug 2017 – Jan 2018); CIDET, Strategy & Innovation Coordinator (Feb – Mar 2018); SOLLA S.A., Production Coordinator (Nov 2007 – Oct 2008).
